County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Joe Whalen, Resident Engineer
Don Spagnolo, Project Manager

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 8/23/2016

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the construction of the FY 2015-16 Asphalt Overlay Various South County Roads, San Luis Obispo County. District 4.

RECOMMENDATION

It is recommended that the Board adopt the attached resolution, which authorizes the execution of a notice of completion and acceptance for the Construction of 2015-16 Asphalt Overlay Various South County Roads, San Luis Obispo County (Contract No. 300559).

DISCUSSION

The contract was awarded to CalPortland Construction on February 23, 2016 in the amount of \$1,839,551.50 and was constructed within the allowable working days and the project budget.

This project was part of the Department of Public Works' Annual Pavement Maintenance Plan to resurface existing roads to extend the service life of the pavement. The work is necessary to halt deterioration of these paved roads and to improve safety and operation. The project is one of three overlay contracts completed this year utilizing \$11M (\$9.3M for pavement overlay and \$1.9M for pavement seal coats) from the year's pavement management program.

The contract provided for pavement overlays on:

- North Frontage Road, Nipomo (Los Berros Road to Summit Station Road)
- Elm Street, Oceano
- Paso Robles Street, Oceano
- Eucalyptus Road, Nipomo (Tefft Street to Osage Street)
- El Campo Road, North Nipomo Mesa

The project placed new asphalt on the currently paved areas over a total length of 5.5 miles. These roads were confirmed for overlay through the County's Pavement Management Program and on-site inspection.

Existing pedestrian curb ramps were upgraded to meet ADA requirements as part of the project.

OTHER AGENCY INVOLVEMENT/IMPACT

Area utility companies were alerted of our construction schedule and advised to proceed with any subsurface work prior to the project. Various utility valve lids and vaults were adjusted to the newly constructed street grades by the utility owners, or as part of this contract. A utility reimbursement agreement was established with Oceano Community Services District for the adjustment of its facilities as part of the contract.

FINANCIAL CONSIDERATIONS

This is a Pavement Management project budgeted in the Road Fund at \$2,401,770. The total project costs are estimated at \$1,959,141. Funding for the project will come from the Road Fund - Pavement Management Program and Oceano Community Services District.

At the time of project completion, when actual construction costs are known, any unused budget will be redirected to other planned Pavement Management projects. No budget adjustment is necessary.

A final report of actual project costs will be on file with the Public Works Department after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit "A" for an estimated cost breakdown of the project.

RESULTS

By taking the recommended action, your Board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
